Book W2W2

Ca 13-141

This transcript from the original in the office of the Town Clerk of Warwick was made for the RHODE ISLAND HISTORICAL SOCIETY in the year 1911 by Louise Prosser Bates and typed in 1912 by Elsie Burgess Dana.

Matter appearing in red is not a part of the original record but is introduced as explanatory. Numbers in red in the left hand margin refer to a continuous page notation added to the original in pencil for the purposes of the transcription.

A portion of each of the first ninety-eight pages of the original book is devoted to shorthand notes which, apparently, were made before its dedication to public use and, so far as deciphered, have no connection with the later purposes of the volume.
